MASSACHUSETTS IS ALSO THEIRS.

Fierce Fight Against Machine and Boss Rule in New York-Republicans Carry Brooklyn by 15,000, and Also the Legislaure-Colorado Mostly Republican -Other Returns.

Elections were held Tuesday in eleven states-Iowa, Kentucky, Maryland, Massachusetts, Nebraska, New Jersey, New York, Ohio, Pennsylvania, South Dakota and Virginia. State tickets were elected in Iowa, Massachusetts, Ohio and Virginia. New York elected all the state officers except governor and lieutenant governor. The legislatures chosen in Iowa, Kentucky and Virginia will elect United States senators.

The results, were generally disastrous to the Democrats. In Iowa Governor Boies has been defeated by nearly or quite 40,000, while Ohio gives McKinley a plurality of 90,000. In Nebraska Holcomb, the Populist candidate for justice of the supreme court, developed unexpected strength

and is elected. In New York Judge Maynard Democrat, is defeated by over 100,000 majurity, the pluralities on the remainder of the Republican ticket ranging downward from 30,000 on secretary of state. The Reput leans have a majority in each branch of the legislature, and elect ninety of the 175 delegates to the constitutional convention.

John E. Russell, the Democratic candidate for governor of Massachusetts, was defeated by Greenhalge. Republican, by 20,000 or 25,000. In Pennsylvania the vote was light and the Republicans carried the day with about 100,000.

Virginia, Kentucky and Maryland cast their votes with the Democrats. New Jersey elects a Republican leg-

NEW YORK.

A Fierce Fight Against Machine and Boss Rule.

New York, Nov. 9 .- One of the most peculiar campaigns in the history of the state was closed at sundown last evening. And it is safe to say that the Democratic managers are not more surprised at the result than are the Republicans. The dominant issue in all portions of the state has been ring rule, and the Republicans in New York city, Brooklyn, Albany and Buf falo have been greatly assisted by the organized efforts of independent Demperats. Isaac H. Maynard, the candidate on the Democratic ticket for judge of the court of appeals, against whom independent Democrats have waged war most bitter and unrelenting, has been most surprisingly and overwhelmingly defeated. In York city he ran 35,000 behind his ticket, in Brooklyn over 18,000 and in Erje county several thousand.

Almost without exception, the returns from every part of the state show he was heavily scratched. Even ten of "Boss" McKane's retainers at Coney Island scratched him. The result seems to be that he has been deneignborhood of 100,000.

Practically complete returns from many of the counties of the state and scattering returns from the others indicate the Republicans have elected their entire state ticket, and that they will have a good working majority in the next legislature.

In Brooklyn the local campaign was fought bitterly. Mayor Boody, who was renominated by the Democrats, was opposed by the Young Men's Independent Democratic club of Brooklyn most fiercely, and the Republican candidate, Charles A. Schieren, was indorsed, with the result the Democratic majority of 29,000 at the last election has been overturned and a Republican mayor elected by about

Major McKinley's Sweeping Victory a Great surprise to the People.

COLUMBUS, Ohio, Nov. 9 .- With a plurality of 90,000 and two-thirds of both branches of the legislature, McKinley has won the most decisive victory recorded in Ohio since the civil war. It has been won on national issues. Although McKinley was running for re-election as governor, he made state affairs secondary to protection and honest money in all his speeches, numbering 110. It would not have been a surprise two weeks ago, but after the action of congress, there seemed to have been such a reaction that the overwhe ming vote is a surprise. The Democrats did not allow the contest to go by default, but made a most vigorous fight with its working forces. Ex-Governor Campbell canvassed the state for Lawrence T. Neal all last week and the Democratic committee was hopeful after congress reached decisive action.

The Republican managers would have expected such results two weeks ago, but they were astonished last night. Governor McKinley was not surprised at the result. He has expected it all along, and felt confident that the impressions of the change of conditions would not be overcome by the campaign efforts for reaction. The weather was pleasant all over the state and there was a full vote of over 800,000. The decisive results of former years have been because of small vote, those of one party or the other not turning out. But the voters were out yesterday all over the state. and McKinley has a majority over all with Democrat, Prohibition and Populists tickets opposed to him.

THE WITHOUT OF WAYOR PRO TEM. FURIOUS SHELLING.

CHICAGO, Nov. 8 .- The wrangle over the election of a mayor pro tem was settled last night by the choice of Alderman G. B. Swift, he receiving 63 votes to 5 for Alderman McGillen, one blank being cast. The leaders of the two opposing parties got together during the day and patched up their differences. differences.

Grand Jury Indictments Invalid. MILWAUREE, Wis., Nov. 8 .- Judge Johnson has decided that indictments found by the late grand jury against Eugene S. Elliott and F. W. Noyes, directors of the Plankinton bank, were invalid because the grand jury returned them at the October term of the municipa' court, whereas the grand jury's term had expired with the September term for which it was The decision invalidates all the indictments returned against the officers of the Plankinton and South Side Savings banks.

Working Balance of the Treasury. WASHINGTON, Nov. 8. - The treasury department yesterday had an actual working balance not to exceed \$2,000,-000. If this becomes exhausted, the department will have to meet current obligations from the gold reserve. The treasury officials hope for better times, and hope further loss will be

It is predicted the present coinage of gold at Philadelphia and San Francisco mints between now and January 1 will amount to \$20,000,000.

School Laws of Missourl.

JEFFERSON CITY, Mo., Nov. 8 .- The state superintendent of public schools, L. E. Wolf, has just sent out 30,000 copies of the school laws for use in various parts of the state by school officials and others. The volume is neatly bound and contains all the laws relating to the public school system, with a syllabi of supreme court rulings at the bottom of each page. There are fifty pages devoted to a comment by the superintendent touching the laws.

Denies His Authority.

TOPEKA, Kan., Oct. 8 .- Bank Commissioner Breidenthal has wired Attorney General Little from Chanute asking to come to that city at once. It seems that the Bailey bank at Chanute refused to allow Breidenthal to make an examination of its affairs. The principal officer of the bank is the receiver for the Bailey estate and claims that as he is an officer for the probate court the bank commissioner has no right to interfere with the property in his hands.

Terrible Murder and Suicide. ELYRIA, Ohio, Nov. 8 .- A frightful murder and suicide occurred last night. Charles Manning shot his wife, killing her instantly, and then shot her cousin, Mrs. W. R. White. He followed up the double tragedy by committing suicide. Mrs. Manning had begun proceedings for a divorce, and her husband had often threatened to kill her. Last night, crazed by drink, he carried out his threat.

Was a Guide to Fremont. FORT SCOTT, Kan., Nov. 8.-Louis Nash, one of the interesting characters of Fort Scott, died here last night. Nash was a guide to General Fremont on his "path-finding" trip across the mountains in the early '40s, and came here at a very early day. He was married to a Sioux squaw in early life, but she died many years ago.

DE MELLO AGAIN OPENS FIRE ON RIO DE JANEIRO,

VIGOTOUSLY THAN EVER.

The Forts Respond Vigorously-The Can nonading the Heaviest That Has Taken Place Since the Commencement of Hostillties- Hotchkiss Guns for the Fighting Brazilians.

London, Nov. 10 .- Cable dispatches received by high officials in the British government yesterday from Rio Janeiro convey the information that heavy firing commenced early yesterday morning on the part of Admiral Mello's fleet. The fire was directed mainly against the Santa Cruz fort Other shots were fired in the direction of outlying batteries. The forts responded vigorously. The cannonading is said to be the heaviest that has taken place since the opening of hostilities.

The impression prevails here that Mello is endeavoring to reduce the forts at Rio de Janeiro to surrender before the arrival of the government ships from New York.

The last cablegram received said the firing had been directed from the forts to the city of Rio de Janeiro itself, and that cannonading could be heard within a radius of thirty miles of the city. CHICAGO, Nov. 9. — Twelve rapid

firing Hotchkiss guns, on exhibition in the Transportation building during the summer, have been hastily packed up and are awaiting shipment to the East. Their destination eventually Brazil. This at least is opinion of the custom house inspectors and the exposition officials who have been watching the the movements of the Hotchkiss Gun company during the last few weeks. C. R. Flint of New York has been in strumental in the purchase of these implements of war for the Brazilian government, and came on and arranged for the releases with Director General Davis. He selected a time when his movements would be least observed and silence was enjoined upon the director general.

A BIG RATE WAR POSSIBLE. Southwestern Railroads Unable to Agree on an Association Chairman.

St. Louis, Mo., Nov. 10. - The Southwestern Traffic association was again in session to-day making an effort to elect a chairman. So far no result has been reached and it is doubtful if one will be. If a result be not reached before adjournment to-night it is probable that this conference, as all others have, will come to naught, as a number of members have announced their intention of retiring home. In that event it is thought that it will be impossible to avoid the worst rate war the Southwest ever known.

Group Balong to Miss.

Washington, Nov.10.—An interesting fact has developed bearing upon the Mawalian annexation question in the secords of the navy department. A glance at a good chart of the Hawalian islands will show a long string of very small islands, extending northeast from the northernmost inhabited islands, Nihau and Kauai, of the Hawailan group. Most of these belong to the Hawaiian government and are considered a part of the Hawaiian group. Two of them, Brooks or Midway islands, were on August 28, 1867, formally taken possession of oy Captain William Reynolds, commanding the

United States steamship Lackawanna, on behalf of the United States. These islands were previously discovered July 5, 1859, by Captain N. C. Brooks, of the Hawaiian bark Gambra, who formally took possession of them in the name of the Hawaiian government. The United States was actuated by a recovery to the control of the control actuated by a request made to Secre-tary of the Navy Gideon Welles, by Allen McLane, then president of the Pacific mail company, who desired the use of the islands as a coaling station. Secretary Welles thereupon issued or-ders to Rear Admiral Thacher, com-manding the North Pacific squadron, to take formal possession of the islands.

EX-PRESIDENT HARRISON.

He Finds Gratification and Comfort in the Results of the Election.

INDIANAPOLIS, Ind., Nov. 10 .- Ex-President Harrison talked freely to a reporter last evening upon the result of the elections. "I find not only gratification and comfort, but downright rejoicing in the handsome re-sult," said he. "The Republican tri-umph was so sweeping and so general that the notion that local causes might have figured largely in the re-sult is hardly tenable. Everything went Republican—that is, everything in the free part of the country, show-ing very clearly that general causes were at work.

'The result demonstrates that the faith of the people in the American industrial system was not lost, but only weakened, and has been renewed with redoubled strength. The chief cause was undoubtedly the general industrial depression. The people have had presented to them a sharp comparison between the two systems. They have been brought within a year from a condition of the highest prosperity to what we have now presented to us on all sides, not by the operation of a different system, but by the anticipation of it. We have We have had what might be termed one of Mr. Claveland's object lessons '

In his opinion the Democratic party had only to carry out the pledges of its platform and the results of Tuesday would be forgotten before the next presidential contest "The tariff bill will be reported

when congress convenes next month," said Mr. Crise, "and it will be a clean cut measure. It will provide for a revenue tariff and will make sweeping reductions all along the line.
